My First Car

For years I have been driving an old used car with a lot of mileage and I hate it. It gets me where I need to go, but I’m tired of fixing leaks and broken parts all the time. Its annoying every times I need to take it to mechanic. Even when they takes care of everything, I know I’ll just end up going back there in a few weeks. I have finally decided that I am not going to do it anymore. I have decided to buy a new car! Unfortunately, I have a problem. I have no idea what car to get. Do I want something big? Do I want something stylish? Something economical? I have so many choices that I don’t even know where to begin.

I am not sure if I will be able to make a decision on my own. I don’t have no a lot of money, either, so I probably don’t have many options. After I did some research, I knew that I would need some expert advice. Eventually, I went to a local dealership to check out some new models. I talked to the saleswoman and listened at she carefully. Her honesty and professionalism were really impressive. She had a lot of vary helpful suggestions and showed myself some safe, affordable choices. After a long discussion I finally decided which one I wanted.

Lifestyle
Good morning.

Netflix is suddenly available in almost every country in the world.

Almost every?

Yeah, it's still not available in China, North Korea, and Syria. CEO Reed Hastings said it could take “many years” to launch Netflix in China.

What's the strategy? 🤔

I want some **stylish headphones**. I like over-ear models with good bass performance.

It's all about the bass 🎵 Form meets function with this pair. They're well-balanced and comfy, featuring great bass performance.

I need a gift for my girlfriend. She recently broke her sunglasses and I want to find her a replacement.

How thoughtful! These Italian-made shades have a cool, contemporary feel; with gold-tone metal, round turquoise lenses, and a mirrored finish 😊

Whatever you need in just a few texts...

Can you help me find a hotel in Paris within walking distance from the Louvre?

Sounds like a wonderful trip you're about to go on, Janet 😊

I can certainly help. Which days will you be there and do you have a price range in mind? Will you be traveling by yourself or with others?

I'll be there Jan 8-16 and am sharing the room with my husband.

Price range around $250/night.

Perfect. I'll make sure you get a higher floor too, just as you like it 😊

Thanks!
