• Once upon a time a kind, young woman lived in the countryside with her cruel step mother and evil step sisters.

• Everyday the young woman had to complete numerous, exhausting chores.

• One day the family received an invitation to a royal ball at the palace so the prince could find a bride.

• Because of that the young woman attended the ball with the help of her fairy godmother and danced the night away with Prince Charming until she had to hurry away at the sound of the clock striking midnight.

• Because of that Prince Charming searched high and low for the one that had left her glass slipper behind at the ball.

• Until finally Prince Charming found the young woman and they were soon married.
